Our specific tasks

We are contact persons for families and daycare management:

- **We inform parents about relevant daycare issues** and our work.
- **We get parents' opinions on topics** and inform the daycare management about them. In this way, the parents' perspectives can be included in decisions and new topics can be initiated.
- **We receive suggestions, criticism and complaints from parents.** If necessary, we will talk with the daycare management and develop a joint solution.

Relevant topics in which we participate can be:

- Pedagogical conception
- Offers and projects for children, parents and families
- Opening and closing times
- Choice of meal provider
- Public relation
- Festivals and celebrations
